## **.NET DEVELOPER**

- **LINKEDIN PROFILE**
- **EMAIL**
- **PHONE:+998949335203**

Dedicated and highly motivated junior .NET developer with a strong foundation in C#, ASP.NET, and SQL. Seeking to contribute my technical skills and passion for coding to a dynamic development team while continuing to learn and grow in a collaborative environment.

### **SUMMARY OF QUALIFICATIONS:**

- Proficient in C#, ASP.NET MVC/Core, and Entity Framework.
- Knowledge of database design and development using SQL Server.
- Familiarity with version control systems like Git.
- Strong problem-solving and debugging skills.
- Excellent communication and teamwork abilities.
- Quick learner with a strong desire for continuous self-improvement.

### **RELEVANT COURSEWORK:**

- Data Structures and Algorithms
- Object-Oriented Programming
- Database Management Systems
- Web Development
- Software Engineering

### **TECHNICAL SKILLS:**

- Programming Languages: C#
- Web Technologies: ASP.NET MVC/Core, jQuery
- Database Management: SQL Server, Entity Framework
- Version Control: Git, GitHub
- Tools: Visual Studio, Visual Studio Code
- Operating Systems: Windows

### **INTERNSHIP:**

- Itransation
- 3-months
- Assisted senior developers in designing and coding web applications.
- Participated in code reviews and debugging sessions to improve code quality.
- Collaborated with the team to meet project deadlines and deliver high-quality software.

## **PROJECTS:**

### **HR MANAGEMENT SYSTEM**

- Developed a comprehensive HR management system using ASP.NET Core and Entity Framework.
- Implemented user authentication, employee data management, and leave management functionality.
- Utilized responsive design techniques to ensure seamless access from various devices.
- Designed custom reporting features for performance tracking and analytics.
- Integrated email notifications for various HR processes, such as leave approval and onboarding.
- Implemented role-based access control to ensure data security and compliance.
- 
- This description highlights the key aspects of the HR project you worked on, showcasing your skills and accomplishments in a similar way to the e-commerce website project

### **E-COMMERCE WEBSITE**

- Developed a fully functional e-commerce website using ASP.NET Core and Entity Framework.
- Implemented user authentication, product management, and shopping cart functionality.
- Utilized responsive design techniques to ensure cross-device compatibility.

## **SOFT SKILLS:**

- Communication: Excellent written and verbal communication skills, facilitating effective collaboration with team members and stakeholders.
- Problem-Solving: Strong analytical and problem-solving abilities, consistently delivering innovative solutions to complex technical challenges.
- Adaptability: Quick learner with a proactive approach to staying updated with industry trends and emerging technologies.
- Teamwork: Proven ability to work collaboratively in cross-functional teams, contributing positively to project success.
